SKILLS

WORK EXPERIENCE

ACCOUNTANT

IBA GRADS | KARACHI
AUG 2019 - PRESENT

My main responsibilities in this position included financial reporting, budgeting, accounts payable and receivable, auditing, compliance, and financial planning. I was essentially overseeing the institution's financial transactions, budgets, and compliance with financial regulations.

EDUCATION

UNDERGRADUATE

USMAN INSTITUTE OF TECHNOLOGY | KARACHI
2019

I spent the most of my college education learning about the hardware and software components of computers. The primary abilities I've used in my web development journey are the basics of programming, data structures, and algorithms.

INTERNSHIPS

NETWORK ENGINEER

ARTISTIC MILLINER | KARACHI
SEP 2022 - OCT 2022

My task at work involves computer networking, and my objectives are to have network engineers design, implement, maintain, and troubleshoot. Network design, implementation, security, maintenance, monitoring, and documentation are crucial tasks.

FRONT-END DEVELOPER

INFOACCESS | KARACHI
JUL 2021 - SEP 2021

My job was of a front-end developer in a software house involves designing and developing the user interface of web and mobile applications using HTML, CSS, and JavaScript. Key responsibilities include web design, responsive design, performance optimization, and collaboration with other team members.
